DISCUSSION: The nonimmigrant visa petition was denied by the Director, Texas Service Center, who certified the decision to the Associate Commissioner for Examinations for review. The decision of the director will be affirmed.

The petitioner is engaged in the installation of fire sprinklers. It seeks to employ the beneficiary as a sprinkler fitter for an indefinite period of time. The petition was not accompanied by the required Labor Certification, ETA-750. The director determined that absent the certification, the petitioner failed to meet the regulatory requirements necessary for approval of the petition.

No additional evidence was submitted on review.

8 C.F.R. 214.2(h)(6)(iv)(A) requires that a petition for temporary employment in the United States be accompanied by a temporary labor certification from the Department of Labor, or notice detailing the reasons why such certification cannot be made. 8 C.F.R. 214.2(h)(6)(iv)(E) states that a petition not accompanied by a temporary labor certification must be accompanied by countervailing evidence from the petitioner that addresses the reasons why the Secretary of Labor could not grant a labor certification.

The petition was filed on August 5, 1999 without a temporary labor certification, or notice detailing the reasons why such certification cannot be made. Absent such certification from the Department of Labor or notice detailing the reasons why such certification cannot be made, the petition cannot be approved.

The burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act, 8 U.S.C. 1361. Here, the petitioner has not met that burden.

ORDER: The order of August 24, 1999 denying the petition is affirmed.
