NATURALIZATION FOR HOMELESS APPLICANTS

WHY NATURALIZE AND BECOME A U.S. CITIZEN?

Obtaining U.S. citizenship through naturalization offers many benefits and important responsibilities. For example, only U.S. citizens can vote in federal elections and serve on a jury. As a U.S. citizen, you can get priority for sponsoring certain family members to come to the United States. You can also apply for certain federal jobs and become eligible for certain federal benefits, grants, and scholarships. Finally, if your children are under 18 years of age and are lawful permanent residents when you naturalize, they may automatically acquire citizenship.

WHAT ARE THE GENERAL REQUIREMENTS FOR NATURALIZATION TO BECOME A U.S. CITIZEN?

To be eligible for naturalization based on being a lawful permanent resident for at least five years, you must:

- Be at least 18 years of age when you submit Form N-400, Application for Naturalization (uscis.gov/n-400);
- Show you have been a lawfully admitted permanent resident of the United States for at least 5 years;
- Demonstrate [continuous residence](#) in the United States for at least 5 years immediately before the date you file Form N-400 and up to the time of naturalization;
- Show you have been [physically present](#) in the United States for at least 30 months out of the 5 years immediately before the date you file Form N-400;
- Show you have lived for at least 3 months in a state or USCIS district having jurisdiction over your place of residence. (If you are a student and are financially dependent on your parents, you may apply for naturalization where you go to school or where your family lives.);
- Show that you are a person of good moral character;
- Be able to read, write, and speak basic English;
- Have knowledge and understanding of the fundamentals of the history, and of the principles and form of government of the United States (also known as civics);
- Demonstrate an attachment to the principles and ideals of the U.S. Constitution; and
- Take the Oath of Allegiance to the United States.

WHAT SHOULD I DO NEXT TO APPLY FOR NATURALIZATION TO BECOME A U.S. CITIZEN?

Apply for U.S. citizenship by submitting Form N-400, Application for Naturalization (uscis.gov/n-400). You can file this form online. There are exceptions and modifications to the naturalization requirements that are available to those who qualify. We also provide accommodations for people with disabilities. For more information on exceptions, modifications, and accommodations, see our Exceptions and Accommodations webpage (uscis.gov/citizenship/exceptions-and-accommodations).

You can use the USCIS Naturalization Eligibility Tool to quickly determine whether you may be eligible to apply for naturalization (uscis.gov/citizenship-resource-center/learn-about-citizenship/naturalization-eligibility).

Fees: There is a fee for Form N-400. However, if you cannot afford the fee, then you may be eligible for a fee waiver (uscis.gov/i-912) or fee reduction.

- If you are eligible for a fee waiver, you pay no fee for the N-400. A fee waiver is available if you can show that:
 - » You, your spouse, parent (if you are under 21 or disabled), or child living with you are receiving a means-tested benefit;
 - » Your household income is at or below 150% of the Federal Poverty Guidelines at the time you file. Check the current Federal Poverty Guidelines for this year at <https://aspe.hhs.gov/topics/poverty-economic-mobility/poverty-guidelines>; or
 - » You are experiencing extreme financial hardship, including hardship from unexpected medical bills or emergencies, that prevents you from paying the filing fee.
- If you are eligible for a fee reduction, you pay about 50% of the N-400 fee. A fee reduction is available if your documented annual household income is not more than 400% of the Federal Poverty Guidelines at the time you file.

WHAT IF I DO NOT HAVE A STABLE ADDRESS?

You must provide an address for USCIS to accept the naturalization application. In general, you must have resided in the state or service district that has jurisdiction over your place of residence location for at least 3 months before filing. There are a few options available if you do not have a consistent address or are experiencing homelessness:

1. You can indicate “homeless” in the Street Number and Name field, but you will need to provide the city, state, and ZIP code of where you live. Once you apply for naturalization, we send written notices to inform you about the status of your naturalization application and upcoming appointments to your mailing address. Because such notices will be returned as undeliverable, it is important that you submit a G-1145, E-Notification of Application/Petition Acceptance, to request notification by text or email confirming receipt of your Form N-400.
2. You may apply for a P.O. box at your nearest post office. The postmaster may approve the application under certain conditions. For more information visit your nearest post office or see faq.usps.com/s/article/Is-there-mail-service-for-the-homeless.
3. You may list the address of a friend, relative, or trusted service provider, such as a shelter, drop-in day center, or transitional housing program. If you an attorney or an accredited representative will represent you in filing your application, you can use their address to receive mail as well.

If you change your physical or mailing address, update your address using the USCIS Online Change of Address system (uscis.gov/addresschange) or by calling the USCIS Contact Center. You must report a change of address within 10 days of moving within the United States or its territories. Changing your address with the U.S. Postal Service (USPS) will not change your address with USCIS, so please update your information with both USCIS and USPS. After we receive your application, you may check the status of your application online (uscis.gov/casestatus) or by calling the USCIS Contact Center at 800-375-5283 (TTY 800-767-1833) Monday to Friday, 8 a.m. to 8 p.m. Eastern Time.

WHAT IF I DO NOT HAVE A GOVERNMENT-ISSUED IDENTIFICATION?

Generally, applicants filing for naturalization must submit proof of identification with their naturalization application and present identification at a biometrics or interview appointment. You may present as proof of identification a permanent resident card (also known as Green Card), a passport, any identification (including driver's license) issued by a U.S. state or foreign country, or a military photo identification. If these are not available, we may also accept other identification with a photograph, including a school ID, a voter registration card, or Form I-94 card with a photo. If you do not provide a photocopy of your government-issued ID when filing your naturalization application, we may ask you for this information when we receive and review your application.

WHAT IF MY GREEN CARD WAS LOST OR STOLEN?

If your Green Card was lost or stolen, you may still be able to apply for naturalization. We may conduct system checks to verify your permanent resident status if you do not have a replacement Green Card when you apply for naturalization. Visit uscis.gov/i-90 to learn how to file Form I-90, Application to Replace Permanent Resident Card, to replace your lost or stolen Green Card.

WHAT IF I SERVED IN THE U.S. ARMED FORCES?

If you served honorably in the U.S. armed forces and meet certain other eligibility requirements, your requirements for naturalization are different. For example, the continuous residence requirement may not apply to you. Also, there is no fee for applying for naturalization. For more information, see uscis.gov/military and dhs.gov/immvets.

WHO CAN HELP ME APPLY FOR NATURALIZATION TO BECOME A U.S. CITIZEN?

Many community organizations and social service providers offer citizenship classes and help with the naturalization process. Classes are often in the evenings and on weekends. In many cases, these programs provide additional support and referral services as well. If you need help with an immigration issue, you can use the services of a licensed immigration attorney or accredited representative of a Department of Justice recognized organization.
